

Dear _____

I am writing you today to urge you to vote Yes on Proposal 3. Michigan has been targeted by a fanatical animal rights organization to push their agenda. This out-of-state group doesn't have a special affinity for mourning doves; it is just one step in their multi-step effort to end all hunting, fishing, and even pet ownership. This extreme group wants to ban all life saving animal medical research. The president of this organization pushing the no vote on 3 has been quoted saying "We're out to stop all hunting starting with the easiest sell..."

Mourning Doves are federally regulated, migratory game birds, hunted in 40 other states. Professional wildlife management has produced steady population growth of more than 400 million birds across the country. **By voting Yes on Proposal 3, you keep the decisions on hunting and wildlife management in the hands of wildlife professionals and out of politics.**

Voting Yes on Proposal 3 stops the extreme animal rights groups in their tracks.

Sincerely,
