It's Show Time Once Again

It's great to be back to the largest pure fishing show in the state! After a solid year on the water where the fishing was outstanding it's time to gear up for the new year with the latest innovations in tackle, information and equipment. Come on in and see the new **Triple Threat™** tube which breaks new ground and gives the angler more than one color option in a single bait. Check out the new **Marked Map Series 1 HD™** in color! Our friend from

www.marinecruiser.com, **Dan Zowada** rolls out some stunning graphics and innovates a technological advance into a proven map system. And can you believe it! The **Xtreme Bass Tackle** booth will have an **EXCLUSIVE** world premier of the latest invention for trolling motors with **Capt. David Hasty's Quick-Slip!** You will have a chance to work it, "hands on" and find out how **Capt. Dave** found a way to make our day on the water a whole lot more comfortable, easier and safer! And don't forget the **Total Smallmouth Solutions™** seminars...No matter what level of experience you are at find out how to get the most out of your day on the water by applying **solutions** to the complicated smallmouth bass equation.
